November 8, 2021

Dear Fulda Elementary Families,

In the event that school is ever cancelled due to inclement weather throughout the winter, the Fulda School Board has approved the use of “E-Learning Days”. This means that instead of cancelling school for the day and making it up at a later date, teachers will instead provide learning activities and assignments that students will complete at home on that E-Learning Day. When the weather is bad enough to affect school, we will send out an announcement to let families know if it will be an E-Learning Day for that day.

Your child’s teacher has prepared this folder to be your child’s “E-Learning Day Packet”. Please keep this folder in a safe place where it can be accessed when E-Learning Days are announced.

There are five days of learning activities in this folder. Each day has a sheet labeled “Day 1”, “Day 2”, etc. When we announce our first E-Learning Day, students will complete the “Day 1” learning activities and return it to their teacher when school resumes. E-Learning days are part of the school calendar, and attendance must be taken. Any student that does not return his/her signed E-Learning Day sheet will be marked absent for that day.

The learning activities will be things that can be done at home, on your own time schedule, and without textbooks or other materials from the school. They will be designed with flexibility so that everyone will be able to complete them. It is a work day for teachers, so they will be available from 8:00 AM to 3:00 PM if you need their help with anything. Feel free to email them, communicate through Google Classroom, or call the school office and your teacher will get ahold of you.

Again, PLEASE HOLD ON TO THIS FOLDER so that you have it available if the school announces that it is an “E-Learning Day” due to inclement weather. If you have any questions, please contact the elementary office.

Sincerely,

Michael Pagel
PreK-12 Principal
